

# E-commerce Solution

Beaze is a ready-made e-commerce solution that makes launching your online store quick, easy and affordable. Say goodbye to drag-and-drop builders and DIY headaches. Beaze does it all for you, so you can focus on the only thing that matters – growing your business.

## Features

### Customizable Branding:

Beaze allows you to incorporate your unique branding elements, including fonts, colours and images, ensuring a consistent and recognizable brand identity for your online store.

### Built-In Payment and Shipping Integration:

Beaze comes with integrated payment gateways and shipping options, simplifying the transaction and delivery process for both you and your customers.

### Incredibly Simple Dashboard:

Manage your store effortlessly with Beaze's simple and intuitive dashboard. Easily add products, update prices, track inventory and run promotions. You'll also have access to valuable client data and sales insights, making it easy to understand your customers and optimize your store's performance.

### Mobile-Ready Experience:

With most users shopping on their phones, your store is designed to be quick, smooth and easy to use across all devices, especially mobile phones, ensuring an outstanding experience for your customers every time.

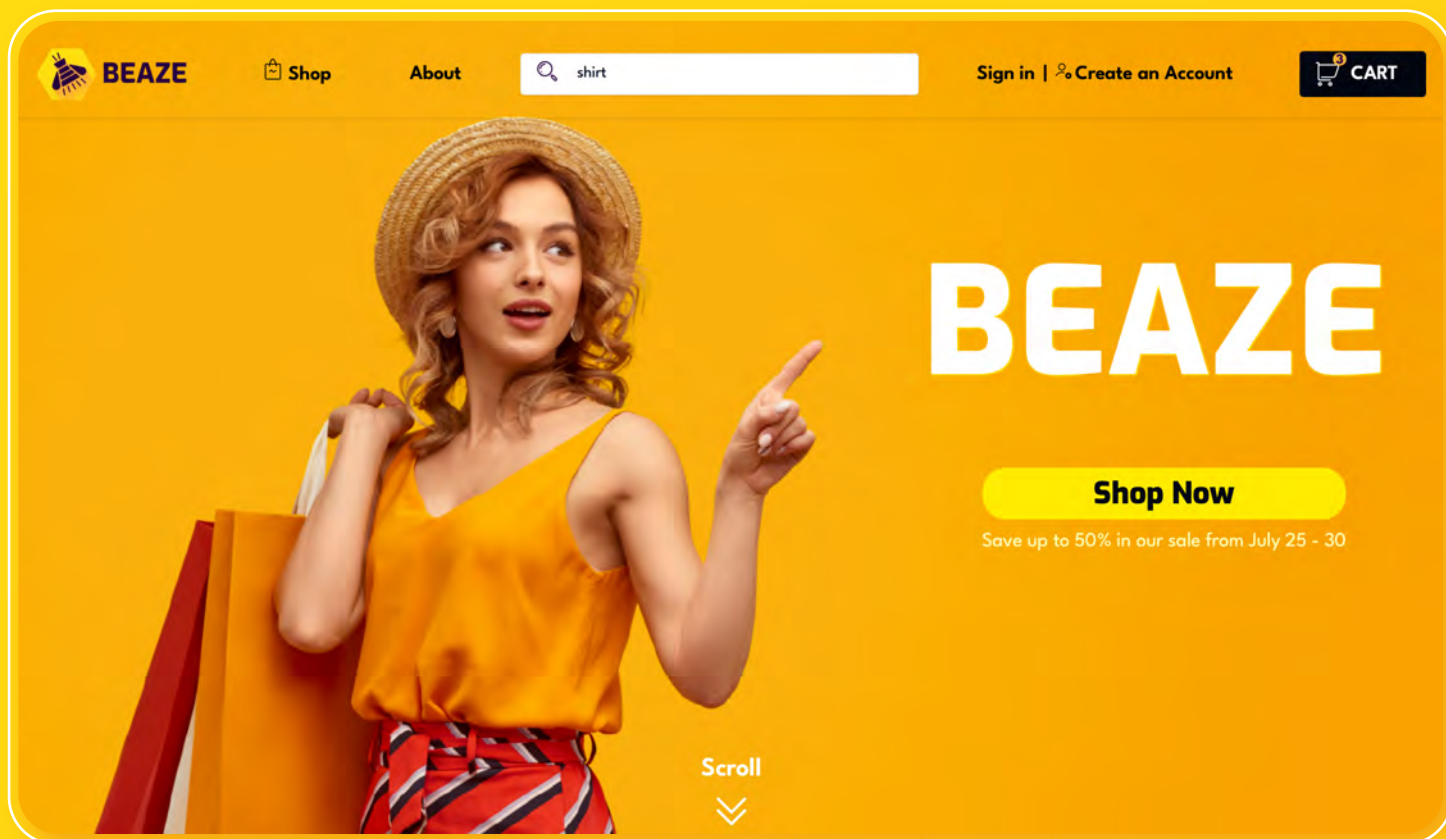

### Design Built for Conversions:

Beaze's design is tailored to deliver an exceptional user experience and maximise conversions, encouraging visitors to become loyal customers with its captivating and efficient layout.

### Customer Account Creation:

Beaze allows customers to easily create accounts, log in, save delivery addresses & check their order history.

# What Beaze Offers?

## E-commerce for Indian Businesses

With Beaze, you don't have to worry about building your own site. We handle everything from design to setup, eliminating the need for drag-and-drop builders. Launch your store quickly, so you can focus on what you do best—selling, not coding.

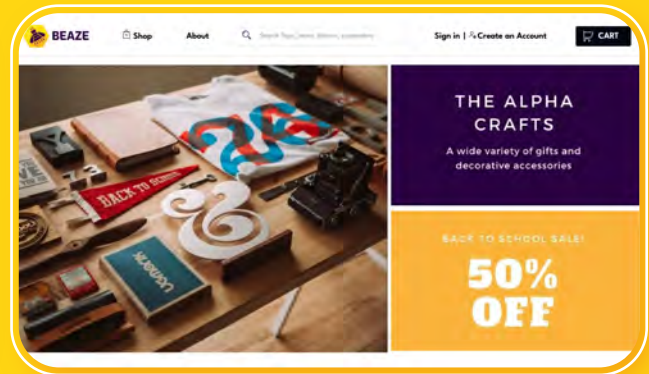

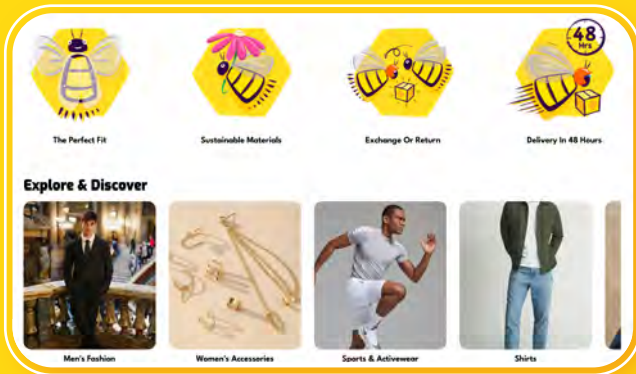

## Scalable, Easy Management

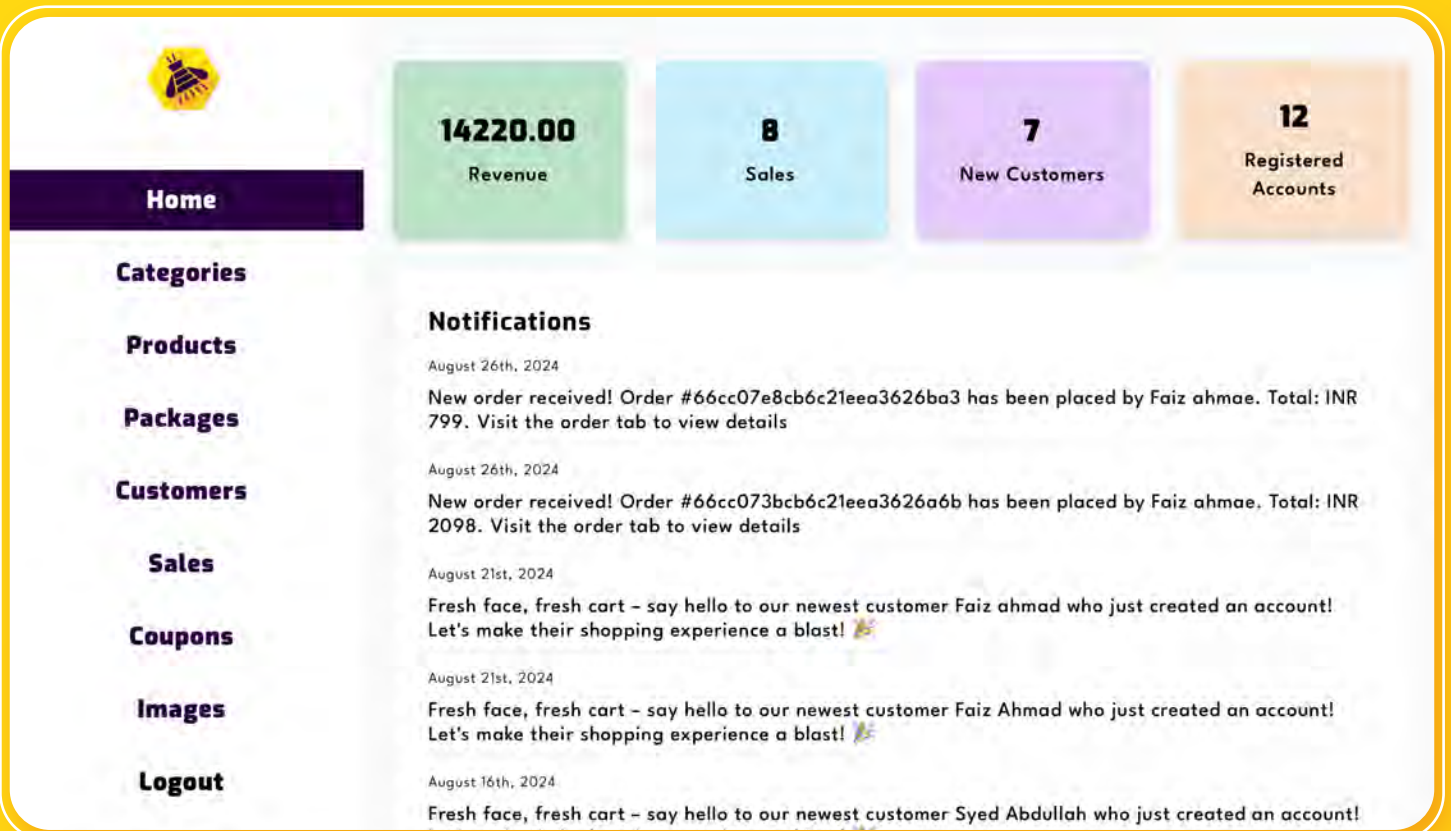

As your business grows, Beaze grows with you. Our platform seamlessly scales to accommodate more products, traffic and sales without missing a beat. You can manage everything through a simple, intuitive dashboard that keeps complexity at bay, so you're always ready to handle more.

# All-In-One Integrated Solutions

Beaze brings together all the essential e-commerce functions in one platform. With secure OTP login, integrated payment processing and reliable shipping options, your customers' transactions are always safe & efficient. Built-in search, filter and sort features make product discovery easy, while dynamic banner images keep your store engaging and current. No need for third-party plugins—Beaze has it all.

## Intuitive Dashboard with Powerful Features

Beaze's dashboard goes beyond simplicity—it's equipped with tools to enhance your business operations. Manage products, categories and subcategories with ease. Track inventory and sales and even manage promotions with coupon code functionality. Get all the insights you need to make smart, data-driven decisions.

# BENE FITS

## Faster Time to Market

Beaze gets your online store live quickly, allowing you to start selling without the delays of traditional site-building.

## Less Stress, More Focus

With Beaze handling the technical details, you can concentrate on running your business, marketing your products and engaging with customers.

## Enhanced Trust & Customer Loyalty

Personalized account features and smooth shopping experiences encourage customers to return, boosting repeat purchases.

## Greater Efficiency

Beaze's all-in-one solution streamlines operations, eliminating the need to juggle multiple platforms like whatsapp & instagram for sales, making your business run more smoothly.

## Professional- Grade Security

Integrated OTP login and secure payment options ensure customer trust and protect sensitive data, enhancing your store's credibility.

## Peace of Mind

Knowing that Beaze provides ongoing support & maintenance means you can focus on growth, without worrying about technical glitches.
